

LINCOLN COUNTY

PATHWAYS NEWS

November

Unless riding a bus, Nov. 17 is NOT a half day for Pathways due to exhibitions! Nov. 20 and 21 are half days. No school on Nov. 22-25 for Thanksgiving break.

A note from the teacher:

Greetings!

Exhibitions are quickly approaching. These extensive presentations are the students' chance to show-off their learning to date, as well as give their plans for the remainder of the year. This is the time where students get feedback on their progression toward the six Big Picture Learning Competencies. There is a little room for moving assigned times to help accommodate parent participation. Please let me know if you would like me to try to schedule a new time.

Mrs. Hargrave

Upcoming events:

- Nov. 2 Big Picture convening for 4-7 students
- Nov. 8 Annual SCC and SFCC for some students
- Nov. 13-17 Exhibitions
- Nov. 29 Field trip to the MAC (subject to cancellation, dependent upon completion of exhibitions)

Looking ahead to Exhibitions:

MONDAY 11/13	Noah: 11am
TUESDAY 11/14	Hannah: 10am; Samuel: 1pm Kristina: 2pm ; Gabi: 3pm
WEDNESDAY 11/15	Dylan: 8am; Zephrein: 9am Phillip: 10am; Norah: 1pm; Trinity: 3pm

Spotlight Internship

This month's spotlight is on junior Daya Johnson's mentorship at Lincoln County Hospital. She is working with both long-term residents and people within the North Basin Medical Clinic. Daya's ultimate goal is to become a nurse and work in an ER or other emergency medical facility. She will be learning about a wide range of jobs in the healthcare setting and the various tasks of nurses and nursing assistants. Daya looks forward to wearing scrubs or professional attire as well as her official hospital badge. She has also arranged a First Aid class for Pathways students on Nov. 20th.

We are very excited to partner students with those in the healthcare industry!

Mentorship Locations:

3C Creations, Lincoln County Hospital, Davenport School District Transportation, Technology, and Maintenance departments, the elementary school, Phase II, Village Cinema, Wheatland Repair, Safeway, and Stout Welding.

Reminder:

"Leveling-Up" is what we call promotion to the next grade level. This can only be done by meeting all the year's requirements. Your students have access to these requirements in their shared Google Drive: Pathways Documents. Ask them to show you!

Math Update

There are four students reviewing pre-algebra skills and building a foundation, five working on algebra, five in geometry, and one student working on algebra II. This does not include the students taking math at the high school!

Our math uses the same tool as the high school, Delta Math, in order to customize math to each student's needs. As the school year continues, students will be able to go more and more at their own pace as we become accustomed to the program. Students have the option of getting one-on-one help during the allotted math time.

In the future we would like to add practical statistics curriculum and a financial math course that a high school math teacher found with Pathways in mind!

Resources your students are using:

Google Sites for building electronic portfolios
ImBlaze for tracking internship hours
Alison.com for free courses within their interests
